### Junior Associate

#### Beschreibung

With a completed Bachelor's degree and no significant work experience, you will start with us as a **Junior Associate**. From the very beginning, you will work with our clients as a fully-fledged member of the team. Through intensive coaching, you will learn the consulting basics "on the job". At the same time, you will complete a customised training programme designed to systematically develop your analytical, professional, and social skills. After two years, you have the opportunity to receive support from us for your Master's degree.

#### Zuständigkeiten / Hauptaufgaben

- Exciting tasks in the mobility and logistics industry
- Familial working atmosphere in small teams, great team spirit and short paths with mutual inspiration and further development across all levels of experience
- Intensive coaching from a consultant colleague and tailor-made training programme
- Attractive compensation compared to competitors
  
- Partial digital/ remote working from home office (depending on project)
  
- After two years: possibility of financial support for your Master's studies

#### Qualifikationen / Anforderungen

- Completed Bachelor's degree
  
- Excellent academic achievements
  
  
- Interest and enthusiasm for the mobility and logistics industry
  
  
- Very good command of German and English
