Engagement Manager

Beschreibung

As an **Engagement Manager**, you are the main contact person for our clients for all questions relating to an on-site project. You coordinate the operational collaboration between clients and the team of consultants, act as a coach for the consultants on your team and are responsible for the quality of our consulting services. In the meantime, you will expand your industry and functional expertise and become a sought-after sparring partner for clients. In addition, you will contribute to the further development of our company's internal training curriculum and take an active role in passing on this knowledge to younger colleagues.

Zuständigkeiten / Hauptaufgaben

- Exciting tasks in the mobility and logistics industry
- Familial working atmosphere in small teams, great team spirit and short paths with mutual inspiration and further development across all levels of experience
- Intensive coaching from a consultant colleague and tailor-made training programme
- Attractive compensation compared to competitors

- Partial digital/ remote working from home office (depending on project)

- After 2 years: possibility of financial support for your MBA/ doctoral studies

Qualifikationen / Anforderungen

- Completed doctoral, Master's or Diploma degree
- Several years of professional experience in consulting

- Excellent academic achievements

- Interest and enthusiasm for the mobility and logistics industry

- Very good command of German and English
